

# MOORE FREE LIBRARY

## **Inclement Weather Policy**

On school days, if NewBrook Elementary School is closed, Moore Free Library will be closed.

On weekends and during school vacation, the Moore Free Library may close due to inclement weather. This decision will be made by the library director. If the library closes due to the weather, there will be a message on the answering machine. Patrons should call 802-365-7948 to hear that message. There will also be a note posted on the door.
